

EMPOWERING HIGH-QUALITY PERSONALIZED DIGITAL LEARNING

Developed by expert teachers, Lumos Learning's standards-aligned learning programs equip students with rigorous study resources to support all-year self-paced learning anytime, anywhere

WHO ARE WE

We offer engaging learning programs developed by expert teachers, caring parents, and innovative engineers to improve student achievement on state assessments. **The Lumos StepUp program increases student learning outcomes** by offering realistic assessment rehearsal along with path-breaking AI-powered remedial practice.

With our digital learning solutions, students are equipped with all the necessary resources to support all-year self-paced learning anytime, anywhere.

We pride in our ability to create custom solutions specifically designed to meet individual school districts' needs. **Using our standards-aligned learning programs, educators can help students succeed in high-stakes assessments and significantly improve school rankings.**

OUR STORY

"They say necessity is the mother of invention!"

Each necessity, however big or small, drives one to come up with innovative solutions. As is the case of Mukunda Krishnaswamy, he found it hard to gather useful and relevant study resources while his son was preparing for the state assessments. He realized that the problem was deep and didn't have a viable solution, and that's how a company was born:

Lumos Learning

Our story began in 2007; we started from a car shed with a team of 3 by providing test preparation solutions to a handful of schools in the United States.

Today, we are one of the most loved edTech platforms, empowering over **370,000 students, 53,000 teachers, and 26,000 schools**, supporting K-12 students achieve academic excellence.

OUR MISSION

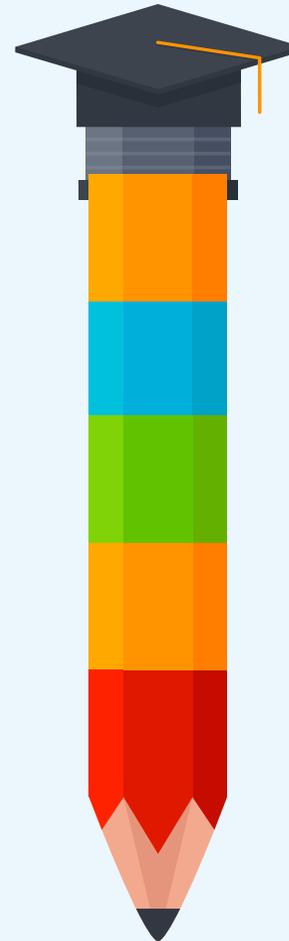

At Lumos Learning, we believe in being there when a student needs that extra help - like a teacher, like a parent.

So, we are working diligently to build an empathetic learning platform that nurtures student achievement.

OUR VISION

To create innovative and efficient learning solutions to support the paradigm shift in education system

OUR VALUES

**Reach everyone.
Teach everyone**

**Student is at the heart
of everything we do**

**Collaborative spirit
to impact positive
outcomes**

**Connected Education
Community**

**Support personalized
learning for every
learner**

OUR PEOPLE

At Lumos Learning, **we foster a uniquely collaborative culture** full of passionate people who care more about students' success.

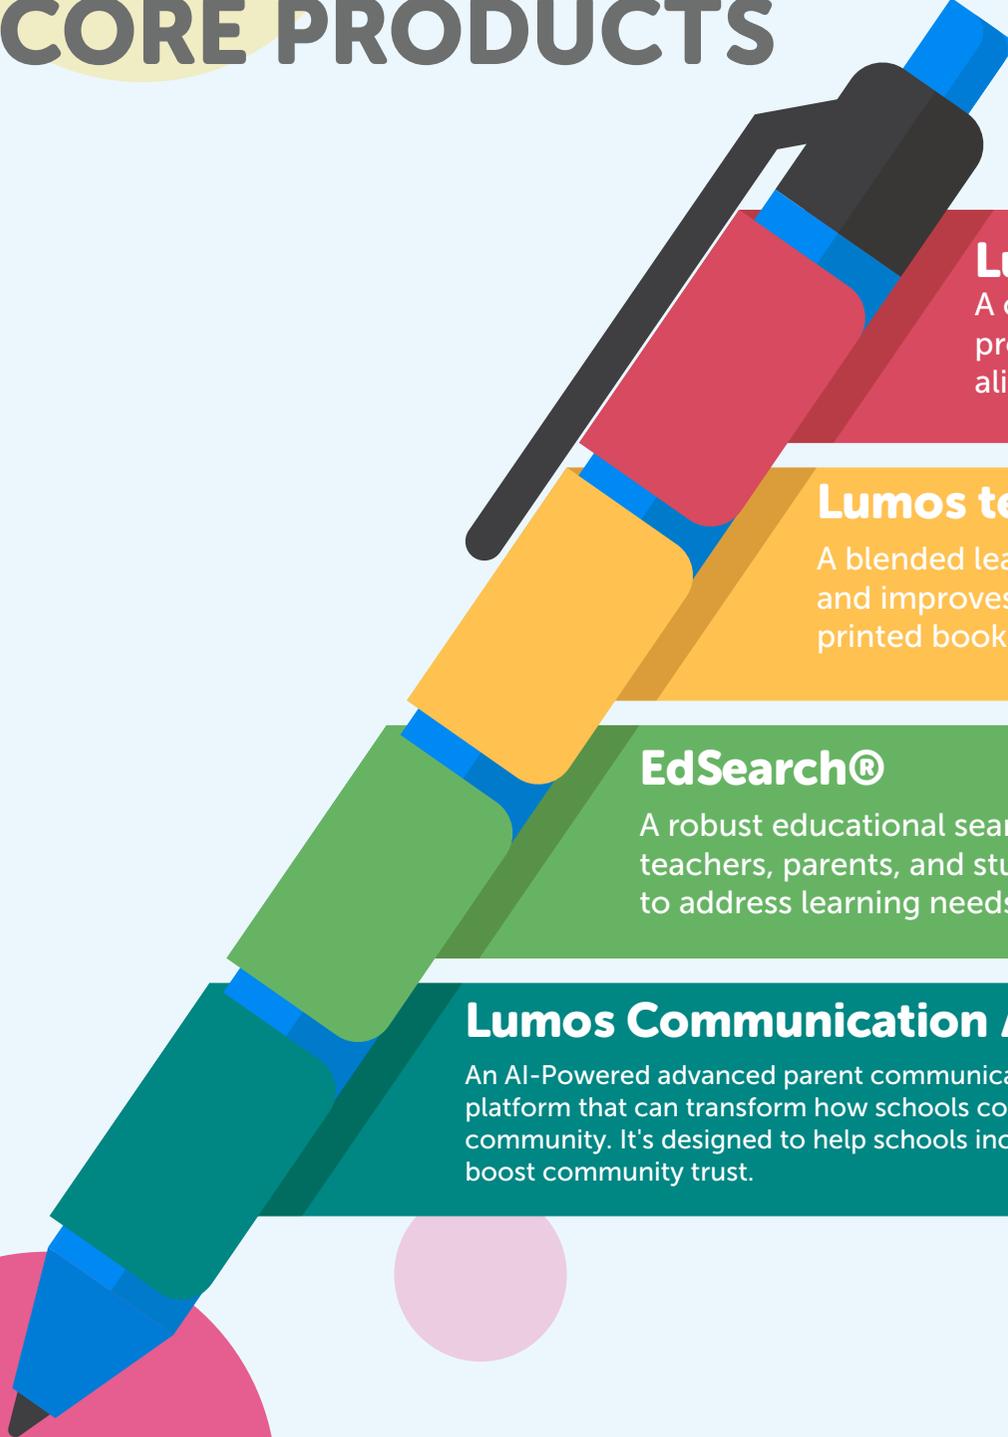

Our emphasis on teamwork, trust, and tolerance for diverging opinions helps us focus on new opportunities and building better capabilities.

Together, we achieve results that bridge what is with what can be.

Our squad comprises thought leaders and some of the best young talents from diverse backgrounds, including expert educators, caring parents, marketers, spearheaded engineers with a growth mindset **committed to solving pressing problems in education.**

CORE PRODUCTS

Lumos StepUp®

A comprehensive, versatile, and rigorous online learning program for K-12 students allowing state-standards aligned skills mastery and test preparation.

Lumos tedBook®

A blended learning resource that provides skills mastery and improves student achievement. Unlike a traditional printed book, it offers free access to the online program.

EdSearch®

A robust educational search engine designed to help teachers, parents, and students find high quality content to address learning needs.

Lumos Communication Assistant

An AI-Powered advanced parent communication and engagement platform that can transform how schools collaborate within the community. It's designed to help schools increase enrollment and boost community trust.

EDUCATOR'S LOVE US

————— **Ashia Smith, NYST Teacher** —————

Amazing resource that can be used to practice any common core 8th grade math state benchmark test!! The data collection and analyzation is exactly what I need to measure growth and predict pass/fails for the upcoming benchmark

————— **Antoinette M., Teacher** —————

“Excellent! My students and I Love doing this online. The feedback, SmartBoard activity, progress, and diagnostics are **AMAZING!**”

————— **Wendy T, Teacher** —————

This was a great resource to use for state assessment preparation. My kids are **MUCH** more prepared than usual, and I plan to use this every year!!!!

————— **Vox Artis, ELA Teacher** —————

Great time saver and extremely relevant for the needs of my hybrid classroom. Helps the students gain confidence. I love this resource!
